ENKI ANDRE SLADE / KATARINA KRIZANIOVA / KEVIN RICHARDSON

To whom it may concern,

Hereby We provide Our reply to “Urgent Letter to Mr. Slade – 3.11.2017” sent to Us via email on 3/11/2017.

Ad Paragraph 1

The contents of this paragraph are noted.

Ad Paragraph 2

Regarding your offence with Our intended defense, We did not require an opinion; We merely wanted an honest expert testimony/report from a zoologist. Which part do you and Kevin find deeply offensive in particular? Some of the statements were derived directly from Kevin’s mouth and others from scientific fact.

Ad Paragraph 3

The statements in the abovementioned document do not require expert knowledge of whatsoever nature pertaining to racial relations in South Africa; there is about one quarter of the statements concerning conservation directly, and majority of the rest requires Kevin Richardson’s expertise as a zoologist and animal behaviorist, who he is.

Ad Paragraph 4

Which particular statements would Kevin’s answers contradict? He has already stated some of the fact, which was even published on his website or in his documentaries.

Ad Paragraph 5

Hence the reason why We agreed Kevin could submit his expert testimony in the form of a written report.

Ad Paragraph 6

We therefore request that your client submits his expert testimony as mentioned in above paragraph.

Sincerely,

Enki Andre Slade & Inanna Katarina Krizani
The New Quingdom
